**MAINTENANCE**  
**\$95 P/M + SETUP**

## PLAN OVERVIEW

No one likes a slow website – and neither does Google! We turbo-charge your website with our comprehensive optimization checklist and powerful software to achieve the fastest load times possible. We then monitor your website with daily performance checks to evaluate changes to your speed grades, so we can quickly fix any problems.

Speed is our most popular website maintenance plan. It provides the perfect foundation for customers considering a future upgrade to the Boost plan and elevating their website to another level.
